

**Clothes Peg
Alphabet
Volume 1**

Created by Honey Brown

Instructions

Volume 1 includes the lowercase alphabet.

I have made the cards two to a page so you can print on card stock, cut apart, and laminate (or laminate and then cut apart).

The idea behind these cards is to help children recognize their letters. Your child will look at the cards and put the clothes peg on the matching letter.

I have included a blank set of cards so you can create your own clothes peg activity if you wish.
