

**Clothes Peg
Alphabet
Volume 5**

Created by Honey Brown

Instructions

Volume 5 of the Clothes Peg Alphabet includes activities for working on distinguishing short vowel sounds.

I have made the cards two to a page so you can print on card stock, cut apart, and laminate (or laminate and then cut apart).

The idea behind these cards is to help children recognize their vowel sounds and begin to learn short vowel words. Your child will look at the cards and put the clothes peg on the word that matches the vowel sound displayed.

I have included a blank set of cards at the end so you can create your own clothes peg activity if you wish.
