Introduction

I am Honey. I am married to Jonah and we have five spectacular children. Family time is really important to us. We enjoy doing things as a family and "Our Family Journal" is one way to keep a record of those things.

A sample of "Our Family Journal" was introduced in the product "Dinner Table Time".

You can print out the journal pages that you want to use and bind it in anyway that works for your family. You can use it every night, once a week, or only on special occasions to share your thoughts, memories, ideas, goals, draw pictures, etc. Everyone can take part and contribute something special. This will become a wonderful addition to any family memory book.

Blessings

Honey
