

The Alphabet

Uppercase and Lowercase

Created by Honey Brown

Introduction

Welcome to The Alphabet.

I created the Sticker Dot Alphabet for my son to learn the letters in his name and ultimately the alphabet. This file (The Alphabet) came as a request for lower case sticker dot letters (which are not available).

Included here is a set of large uppercase letters, a set of large lowercase letters, a set of small uppercase letters, and a set of small lowercase letters.

These pages can be used in a variety of ways:

Activity #1

Print out the large letters and use them to put sticker dots on.

Activity #2

Print out the large letters and glue things on that start with the letter.

Activity #3

Print out the large letters and use them as mats. Print out the desired letters and place objects that begin with that letter on the mat.

Activity #4

Print out the large letters and use them as mats and sort the smaller letter cards onto them. Print more than one copy of the smaller letter cards.

Activity #5

Print off and laminate a set of large letters. You can make the alphabet on the floor or down the hall using the large letter cards.

Activity #6

Print off and laminate a set of small letters. Put magnets on the back of them and make words on the fridge.

Activity #7

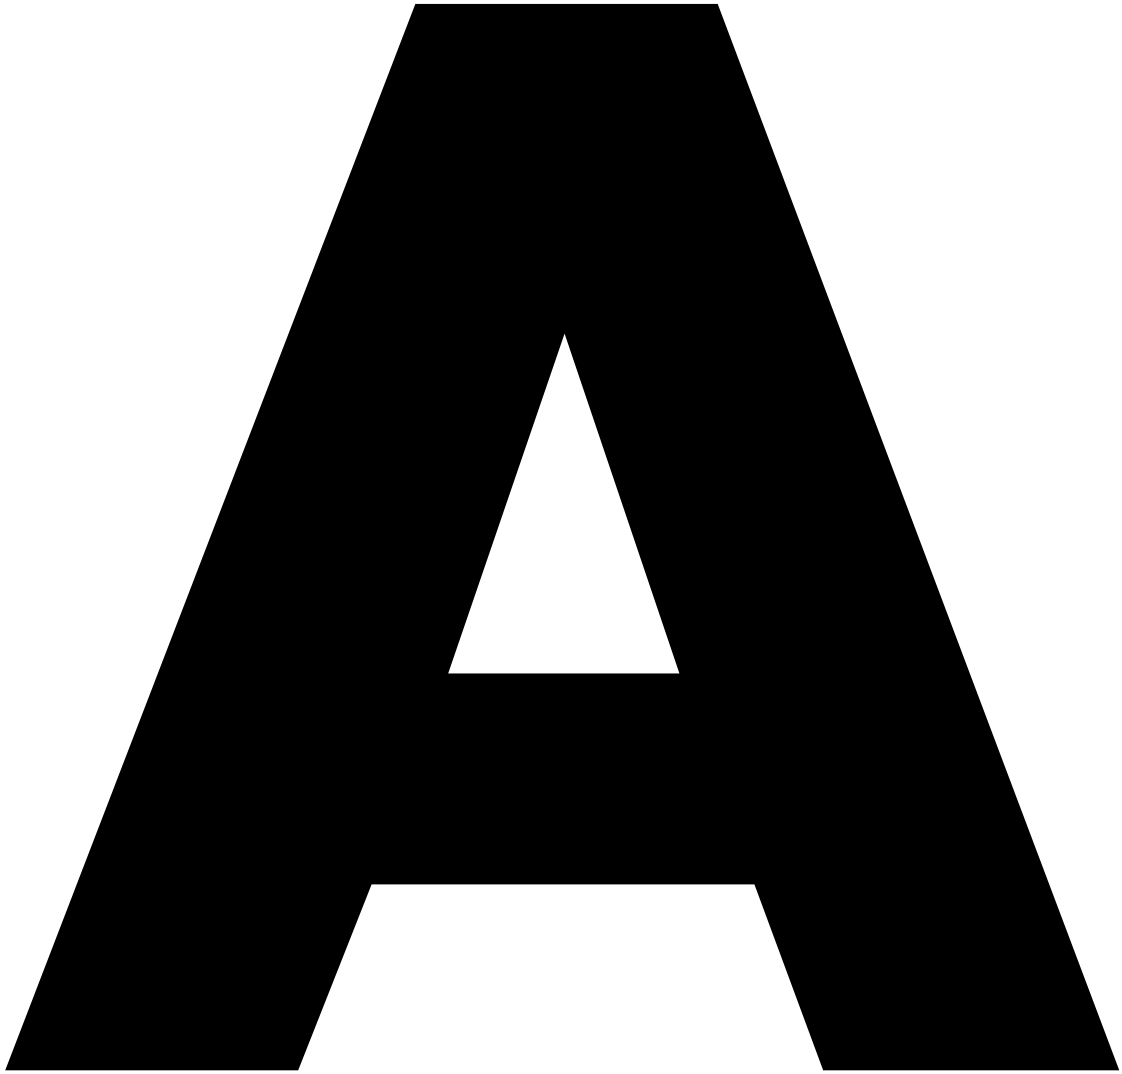

Print off and laminate a set of large letters. Practice spelling the names of people in your family.

Activity #8

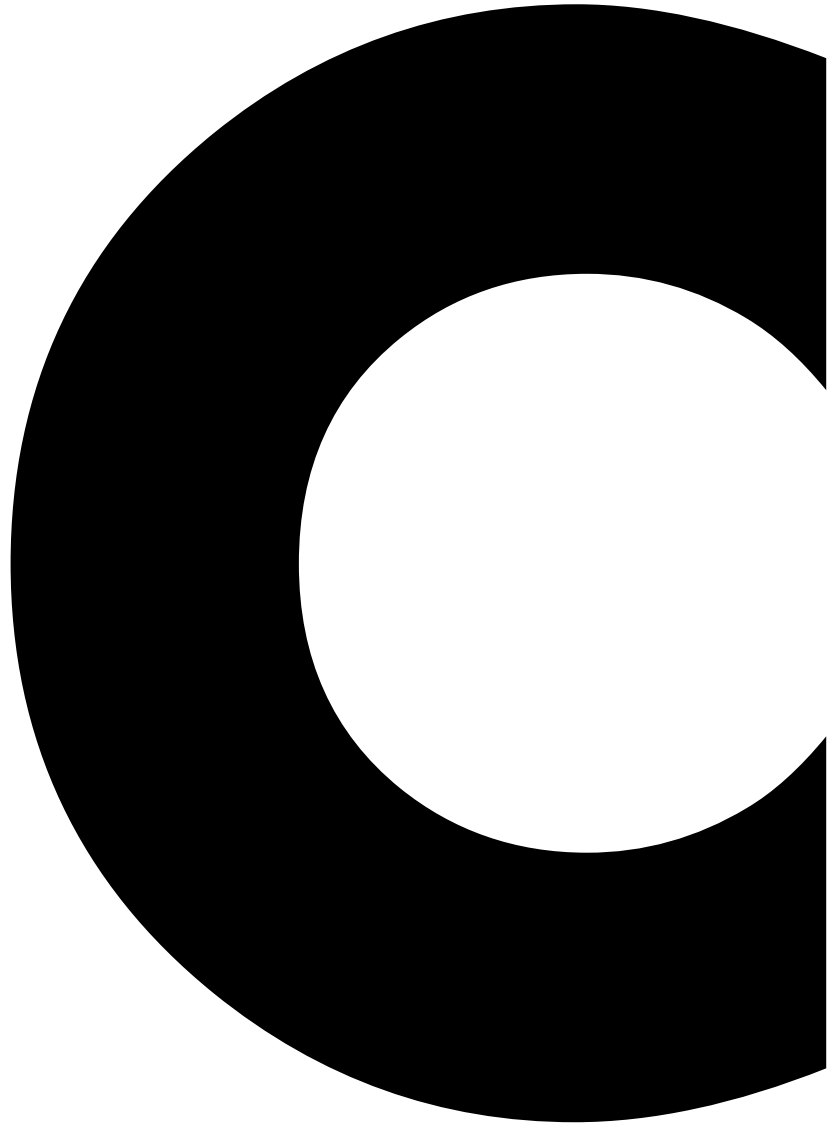

Print off and laminate a set of small letters. Practice spelling sight words.

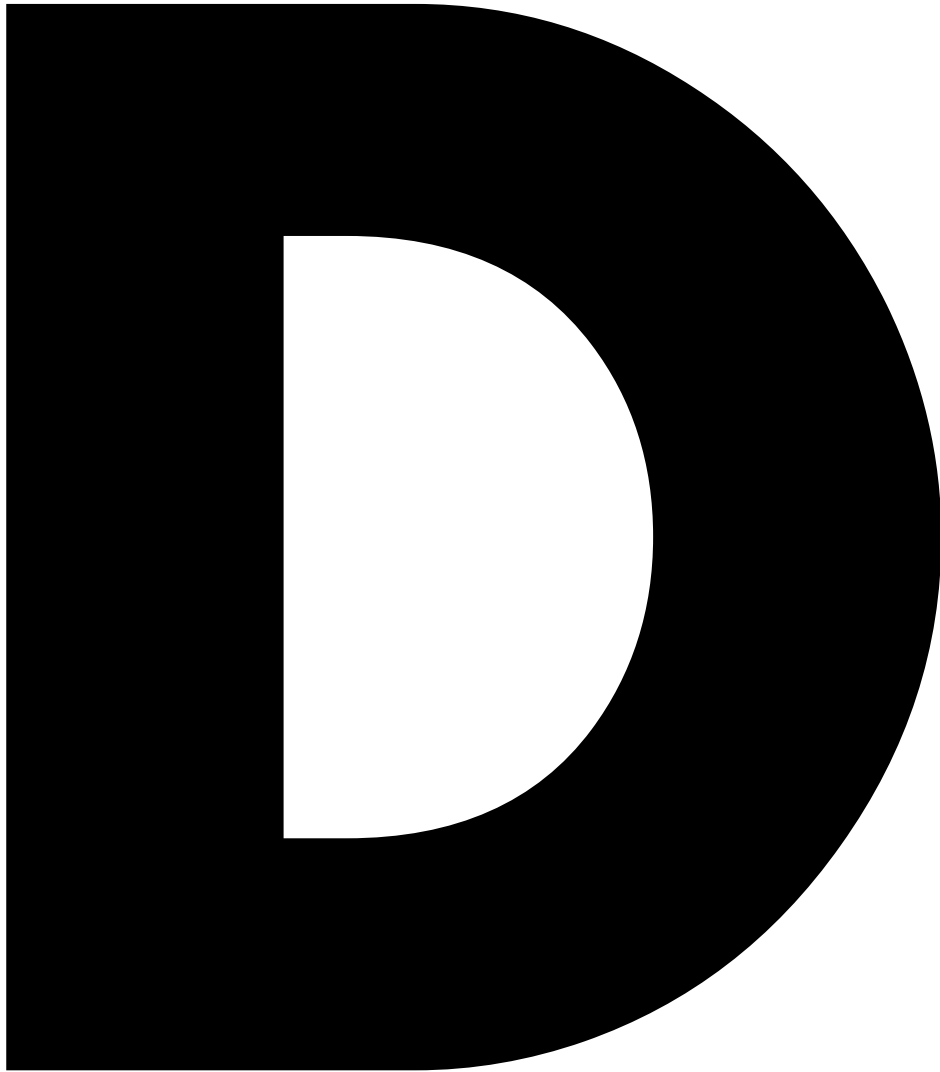

That should be enough activities to keep you going. Please share any ideas that you have with me.

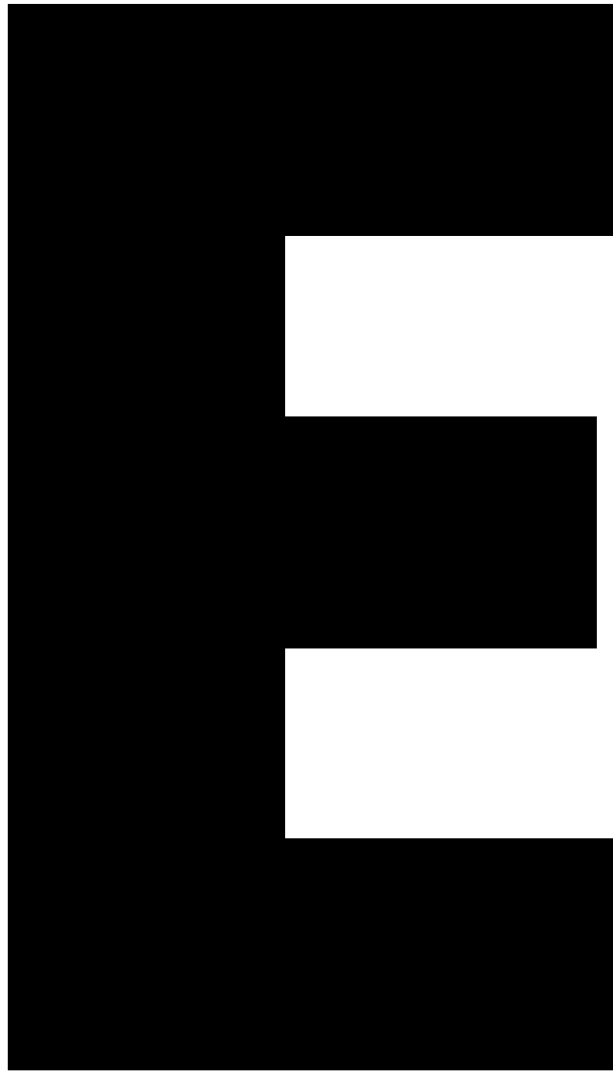

Blessings
Honey
